PROVINCIAL SECRETARY.

"HEALTH ACT."

PURSUANT to the provisions of section 7 of the "Health Act," being chapter 114 of the "Revised Statutes of British Columbia, 1936," His Honour the Lieutenant-Governor in Council, sitting as the Provincial Board of Health, has been pleased to make the following regulations:—

REGULATIONS RESPECTING THE SANITARY CONTROL OF AUTO-TRAILER HOUSES.

1. For the purpose of these regulations "auto-trailer house" hereinafter referred to as "auto-trailer," means a vehicle towed or drawn or capable of being towed or drawn by an automobile or other means, and constructed and equipped for the occupation and comfort of persons while travelling from one destination to another on the public highway.

2. *Closets.*—Closets on auto-trailers shall be of the removable receptacle type, fly-proof, provided with satisfactory means for ventilation and of such construction as will permit of proper cleansing and disinfecting. Receptacles or containers for the retention of excreta shall be of substantial water-tight metal construction, provided with strong handles so as to facilitate removal for cleansing. Contents of containers shall be regularly treated with suitable disinfectant or deodorant.

3. *Sinks and Wash-basins.*—Sinks or other fixtures used for washing or ablution purposes on auto-trailers shall be provided with removable water-tight metal containers for the retention of all liquid waste.

4. *Closets, Sinks, Wash-basins, or Other Fixtures* on auto-trailers which will or may permit discharge of liquid or solid wastes on to the ground surface are prohibited. All waste material, including garbage, refuse, slops, closet contents, etc., shall be disposed of in such a manner as will prevent nuisance or offence or the fouling of any watercourse or water-supply. If the auto-trailer is equipped with running water and flush toilet, an adequate sewage tank

must be provided underneath the body of the auto-trailer for the collection and storage of such waste. This shall be emptied only into the sewer-pipe connections or other approved methods of disposal provided by the municipality or community in which the auto-trailer is parked. Disposal of sewage by any other means is unlawful.

5. All owners and operators of tourist camps, summer resorts, or other locations where auto-trailers are permitted to park, shall make adequate provision for the sanitary disposal of all solid and liquid waste from auto-trailers by burial or burning, or in such a manner as to prevent nuisance and the spread of disease.

6. The use of closets, sinks, basins, or other fixtures in auto-trailers while parked in tourist camps or other locations in any city, town, or municipality where plumbing fixtures and water-supply are provided for use is strictly prohibited.

7. No auto-trailer parked or located on any ground within the limits of a municipality shall be used as a permanent or occasional place of residence. Every auto-trailer parked within the limits of a municipality shall be subject to the provision of all local by-laws and regulations, and the regulations under the "Health Act."

8. Notwithstanding anything contained in these regulations, all auto-trailers, wherever parked or located, and their occupants shall be subject to the provisions of the regulations respecting disease control, and any other regulations under the "Health Act" applicable thereto.
